

Modulate™

Slope 2

# Modulate<sup>™</sup> Slope 2

MOD-SS-824-02

**Modulate**™ consists of a set of frames made from aluminium tubes (Ø30 mm) covered with a printed tension fabric graphic. These frames can be connected together using powerful magnets inside each frame. Modulate range is available in 11 different sized formats.

- Thanks to the exclusive **MagLink** magnetic system built into the structure, you can connect the frames by simply touching them together.
- With the **Twist & Lock** system, simply position the foot under the structure, turn it and it's locked!
- The graphics are very easy to maintain thanks to the crease-resistant and machine washable textile cover. Stretch fabric with zip system.

360° MagLink connector in each pole. 4 magnets per structure

Simple assembly with numbered frame parts

Self-locking system with bungee poles and push-buttons

2 stabilising feet with Twist & Lock supplied with each frame

Central reinforcement tube (Ø 18 mm)

Modulate<sup>™</sup> carry bag with dedicated compartments for the feet and graphics

Double-sided tension fabric. Zip system

Structure informations :		
Item		Modulate Slope 2
Code		MOD-SS-824-02
Structure dimensions		818 (w) x 2400 (h) x 400 (d) mm
Graphic visual area		800 (w) x 2382 (h) mm
Boxed dimensions		1000 (w) x 245 (h) x 125 (d) mm
Structure weight		6.55 kg
Boxed weight		6 91 kg
