

Modulate™ Straight 810

MOD-S-810

Modulate™ consists of a set of frames made from aluminium tubes (Ø30 mm) covered with a printed tension fabric graphic. These frames can be connected together using powerful magnets inside each frame. Modulate range is available in 11 different sized formats.

- Thanks to the exclusive **MagLink** magnetic system built into the structure, you can connect the frames by simply touching them together.
- With the **Twist & Lock** system, simply position the foot under the structure, turn it and it's locked!
- The graphics are very easy to maintain thanks to the crease-resistant and machine washable textile cover. Stretch fabric with zip system.

360° MagLink connector in each pole. 2 magnets per structure

Simple assembly with numbered frame parts

Self-locking system with bungee poles and push-buttons

2 stabilising feet with Twist & Lock supplied with each frame

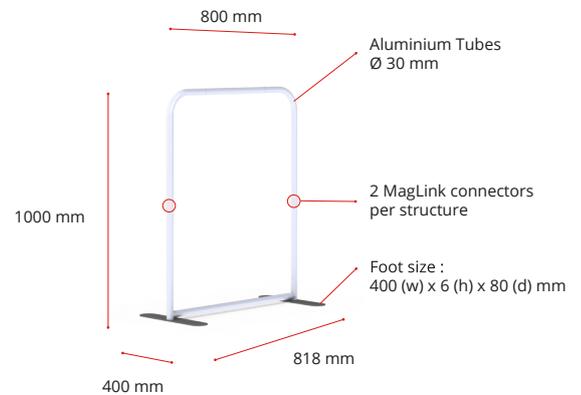

Double-sided tension fabric. Zip system

Modulate™ carry bag with dedicated compartments for the feet and graphics
